1 Identification of the substance and manufacturer			
Trade name: Product code: Recommended use:	ORANGE FLUORESCENT IZ00200357 Paint and coatings application.		
Uses advised against: Manufacturer/Supplier:	917 Crosby Avenue3041 Dougall AvenuSycamore, IL 60178 USAWindsor, ONT N9E 1phone: 815-895-9101phone: 8www.seymourpaint.comwww.seymourpaint.com	of Sycamore ue, Suite 503 S3 CANADA 00-435-4482 purpaint.com	
Emergency telephone number:	1-800-255-3924		
2 Hazard(s) identification Classification of the substance or mixture			
Flam. Aerosol 1H222Extremely flammable aerosol.Press. GasH280Contains gas under pressure; may explode if heated.STOT SE 3H335May cause respiratory irritation.STOT RE 2H373May cause damage to organs through prolonged or repeated exposure.GHS Hazard pictogramsImage: Content of the second s			
	GHS02 GHS04 GHS07 GHS08		
Signal word Hazard statements	Danger Extremely flammable aerosol. Contains gas under pressure; may explode if heated. May cause respiratory irritation. May cause damage to organs through prolonged or repeated exposure.		
Precautionary statements	Keep away from heat/sparks/open flames/hot surfaces No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Do not breathe dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. Store in a well-ventilated place. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Dispose of contents/container in accordance with local/regional/national/international re	gulations.	
3 Composition/information on ingr	edients		
Chemical characterization: Mixtures Chemical Description:	This product is a mixture of the substances listed below with nonhazardous additions.		
Dangerous components: 64742-89-8 VM&P Naphtha		16.05%	
74-98-6 propane		13.87%	
1317-65-3 Calcium Carbonate 106-97-8 n-butane		10.49% 8.15%	
1330-20-7 xylene (mix)		4.36%	
64742-47-8 Mineral Spirits		3.39%	
4 First-aid measures After inhalation:	Supply fresh air; consult doctor in case of complaints.		
After skin contact:	Remove contaminated clothing. Wash exposed area with soap and water.		
After eye contact: After swallowing:	Remove contaminated clothing. Wash exposed area with soap and water. Rinse opened eye for several minutes under running water. Then consult a doctor. Rinse out mouth and then drink plenty of water. Rinse mouth with water. Do not induce vomiting.		
Most important symptoms and	·		
effects: Indication of any immediate medical attention needed:	Dizziness No further relevant information available.		
5 Fire-fighting measures Extinguishing agents: Special hazards: Protective equipment for	CO2, extinguishing powder or water spray. Fight larger fires with water spray. Can form explosive gas-air mixtures.		

 Protective equipment for firefighters:
 A respiratory protective device may be necessary.

Revised On 09/24/2019

Trade name: ORANGE FLUORESCENT

	(Contd. of page 1)
6 Accidental release measures	
Personal precautions, protective	
equipment and emergency	We have a second second persons owned
procedures:	Wear protective equipment. Keep unprotected persons away. Use respiratory protective device against the effects of fumes/dust/aerosol.
Methods and material for	
containment and cleaning up:	Ensure adequate ventilation.
7 Handling and storage	
Precautions for safe handling	Use only in well ventilated areas.
Storage requirements:	Keep away from sources of heat and direct sunlight. Do not warehouse in subfreezing conditions. Store locked up.
8 Exposure controls/personal prot	tection
	require monitoring at the workplace:
74-98-6 propane

BEI	
Ingredients with biological limit valu 1330-20-7 xylene (mix)	
BEI (USA) 1.5 g/g creatinine	
Medium: urine Time: end of shift	
Parameter: Methylhippuric	
Hygienic protection:	Keep away from foodstuffs and animal feed. Wash hands after use. Immediately remove all soiled and contaminated clothing.
	Wash hands after use.
	Avoid contact with the skin.
	Avoid contact with the eyes and skin. Do not eat or drink while working.
Breathing equipment:	A respirator is generally not necessary when using this product outdoors or in large open areas. In
	cases where short and/or long term overexposure exists, a charcoal filter respirator should be worn. If you suspect overexposure conditions exist, please consult an authority on chemical hygeine.
Hand protection:	Nitrile gloves.
Eye protection:	The glove material must be impermeable and resistant to the substance. Tightly sealed goggles
9 Physical and chemical properties	
Appearance: Odor:	Aerosol. Aromatic
Odor: Odor threshold:	Not determined.
pH-value:	Not determined.
Melting point/Melting range Boiling point:	Undetermined. -44 °C (-47.2 °F)
Boiling point: Flash point:	-44 C (-47.2 F) -19 °C (-2.2 °F)
Flammability (solid, gas):	Extremely flammable.
Decomposition temperature:	Not determined.
Auto igniting:	Product is not self-igniting.
Danger of explosion:	In use, may form flammable/explosive vapour-air mixture.
Lower Explosion Limit: Upper Explosion Limit:	1.7 Vol % 10.9 Vol %
Vapor pressure:	Not determined.
